KNIGHT'S

NOTE:

This quote sheet submitted by Tri-Pak Midwest Dist., Inc. New Haven, IN, is in addition to your request. (For the best interest of the City of Fort Wayne).

Our industrial lubricant division, PME, represents the leading edge of lubricant technology and will tailor products to fit your specific needs.

We have the highest quality lubricants available in the lubrication field of today and with the high percentage of operation cost and downtime saved, become the most cost effective lubrication program in todays market place. PME custom blend lubricants meet and or exceed all specs or requirements of every lubricant that we are manufacturing and packaging (our track record proves this).

We have exciting cost saving facts for the City of Fort Wayne to acknowledge and study. We have available a list of local accounts who have taken advantage of our modern technology of the new lubrication products that are of todays needs. Numerous major oil company's specs of today are still based on specs that were written some 25 to 30 years ago (like Series III etc.).

1. PME WILL REDUCE YOUR INVENTORY!

By one lubricant replacing multi-lubricants:

Super Mega 15W/50 Motor Oil meets or exceeds most of your motor oils you now inventory. Included would be SAE 10W/30, 10W/40, 20W/40, 20W/50, SAE 20-30-15W/40 and high performance SAE 20W/50.

Super Mega 15W/50 could reduce your inventory by at least eight motor oils. The savings is astronomical not to take into consideration the following: Less storage area needed for oils, less opportunity for human error in application of the correct motor oil in the right vehicle or machinery, etc.

TRI-PAK MIDWEST DIST. INC.
526 State St.
New Haven, In. 46774

(219) 493-2376

XNIGHTS

2. HYDRAULIC FLUIDS ARE COVERED BY PME WITH THE SAME COST SAVING ADVANTAGES!

Super Torque, our top of the line hydraulic, SAE 10W/20 will meet or exceed your requirements for #1 (M2C48A) #2 (M2C41A, M2C53A, M2C134B and J1C145, and #3 Industrial Hydraulicoil.

Automatic Transmission Fluids you now inventory could be all covered with our Super Torque fluid.

Reducing your present inventory by six fluids, thus reducing error in wrong application again plus many other cost saving factors.

3. GREASES COULD BE MET WITH ONE GREASE ALSO

4. GEAR LUBES COULD ALSO BE COVERED WITH ONE

The above information has shocked and bewildered even the oldest and the best people in the lubrication field! Time does change most things in life, however few, if any major oil companies have updated their quality or specs to meet the lubrication needs of todays engines, machinery, drive lines etc.

PME lubricants carry numerous FREE oil analysis for your added insurance and protection of equipment. This unique program is a major key in savings and should be a must in all of your preventive maintenance programs.

Tri-Pak Midwest Dist., Inc. thank you for the opportunity to place our bid for the City of Fort Wayne and eagerly look forward to you reaching a determination of responsibility.

We are Co-owners of Tri-Pak Midwest Dist., Inc. and have an excellent business relationship with over one thousand local customers within a 50 mile radius of Fort Wayne. We will work with you 100% plus to assure the city our sincere intent to service this account.

President, James A. Stratton James A. Stratton

Vice-Pres., Glen A. Rinard Glen A. Rinard

Secy-Treas., LaVon Rinard LaVon Rinard

DIGEST SHEET

TITLE OF ORDINANCE: SPECIAL

DEPARTMENT REQUESTING ORDINANCE: PURCHASING

S-87-04-49

SYNOPSIS OF ORDINANCE:

An ordinance approving the award of Reference #814 for the purchase of automotive grease an oil for various Departments in the City of Fort Wayne. This award should go to the Aero Oil Company which presented an overall low cost to the City for the supplies.

EFFECT OF PASSAGE:

Supplies are a necessary step in preserving the working life of all the equipment that the City utilizes in the service to the public.

EFFECT OF NON-PASSAGE:

Without the supplies the equipment that is used would become inoperable.

MONEY INVOLVED (Direct costs, Expenditures, Savings):

Aero Oil Company $18,000.00 +/-

ASSIGNED TO COMMITTE (President):

BILL NO. S-87-04-49
